DIVISION ARTICLES

As of today, the Wolverine Key Article form has 0 responses. Although it is summer, the first issue will be out in July, and I'd like to have at least two clubs featured. Which means I need your help! Lieutenant Governor, talk to your club boards about filling out the form to be featured in the District publication, and I will continue to promote. The form is really straightforward and easy to fill out. Talk to your club Bulletin Editors -- or anyone on the board, really -- and give them the link to the form. There's only a couple of weeks left to submit before the first publication comes out. Hope to see your club in the next issue!

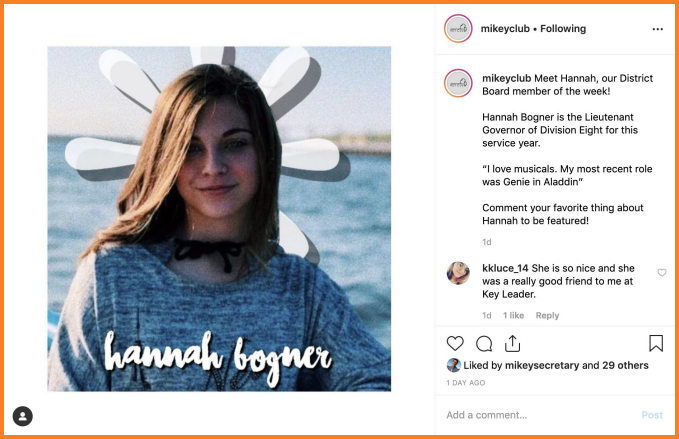
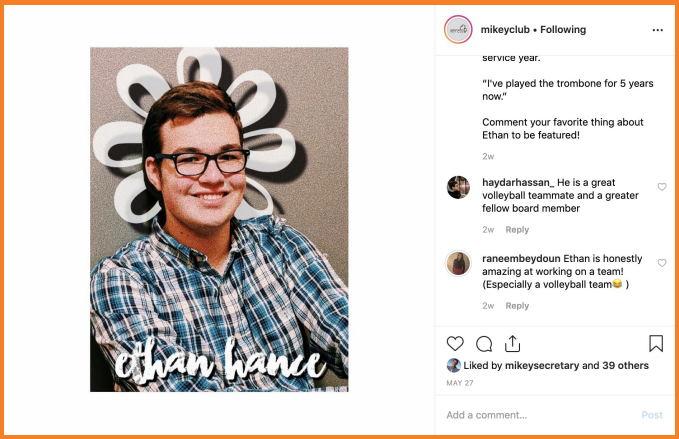
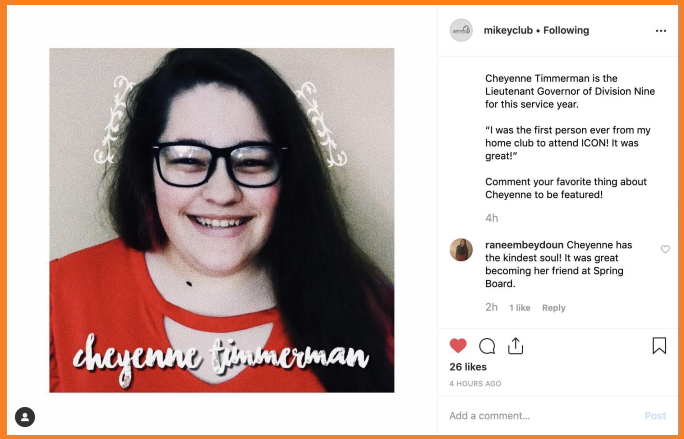
PROMOTION

INSTAGRAM UPDATES







Above are a few of my Instagram posts from this past month. I have posted the first ten D-Board members of the week, and I am also continually updating the Mikey Snapchat account promoting our District Project, summer service projects, and sending in Early ERFs. I have also been making sure to keep up with our followers by commenting and liking their posts. That way, we're not just putting out content, but also participating with Key Clubbers personally.

COMMITTEE

NEW CLUB BUILDING

As I'm a member of the New Club Building Committee, I have been helping out with achieving our goals. So far, this committee has been incredible. We have an expansive spreadsheet containing schools that don't have Key Clubs as well as contact information for their principals, which - although tricky to find - I have been diligently searching for with my fellow committee members. In addition to this, at one of our previous meetings, we created an email template for contacting principals and answering any questions they may have. This committee has been a blast to work with, and I'm looking forward to what we can accomplish in the future.
